BOD Member Representing Inukjuaq**

I am pleased to be here on behalf of the NRBHSS, as a Board Member representing Inukjuak.

The importance of healthy living hits close to home for us all. Everyone has the right to be comfortable in a safe, nurturing environment that they can live in peacefully. Issues faced by many include the risk of infectious diseases, i.e. Tuberculosis & STBI's, overcrowding resulting in domestic disputes, psychosocial problems and such.

The wellbeing of our children takes precedence and a good living environment has a direct correlation with the outcome of how they are raised, impacting the direction our region's future is headed.

Thank you to KMHB for working closely with the NRBHSS with regards to Healthy Living and we look forward to continuing this very important relationship. We wish everyone here and across Nunavik, a great celebratory Housing Day.

Nakurmik.
